Where Faith and Learning Grow

From our beginning Christ Lutheran has placed great value on Christian education for children and adults. This tradition continues today by providing quality Christian education through Christ Lutheran School, the Lutheran High School, and the varied Bible studies offered on Sunday and during the week. As we move into the future and seek to share God's Word with those who do not know Him, our priorities will remain to reach out to adults and children.

We reach out to adults by offering many and varied opportunities to study God's Word and grow in their faith so that they will be effective witnesses wherever they go. Just as important is providing a Christian secondary education and age appropriate Bible study to prepare our children to be future Christian leaders.

WIRED! has managed our entire school network infrastructure for the past 10 years.

The staff at WIRED! are always friendly and helpful. Bringing a smile to each and every situation. WIRED! eagerly solves problems and reliably attends to our needs. I know I can trust what WIRED! tell us.
